

## Boilerplate

*Our boilerplate is effectively an “About Us” section for press releases. It gives journalists an overview of Okta and what we do. Always used in its entirety, our boilerplate is more formal than our company stories and other marketing messages. For the updated boilerplate, contact [press@okta.com](mailto:press@okta.com)*

Okta is the leading independent provider of identity for the enterprise. The Okta Identity Cloud enables organizations to securely connect the right people to the right technologies at the right time. With over 7,000 pre-built integrations to applications and infrastructure providers, Okta customers can easily and securely use the best technologies for their business. More than 10,000 organizations, including JetBlue, Nordstrom, Slack, T-Mobile, Takeda, Teach for America and Twilio, trust Okta to help protect the identities of their workforces and customers.
